Growing Together . . .

Growth can be measured in many different ways. Sometimes it's easy . . . a new building going up . . . how many inches we've grown since last year . . . how much our grades have improved . . .

Other times it's not so easy . . . growth in maturity . . . growth in leadership . . . growth in our ability to get along with others . . . growth in our relationship with God . . .

The theme of this year's **Reflections** is "Growing together . . . In this annual we have tried to chronicle the different ways we have grown together during the 1990-1991 school year.

The most noticeable symbol of our growth is the new classroom addition. It attests to the fact that physically, St. Stanislaus is a growing, vibrant community. The new classrooms will enable us to grow with the addition of more students.

But that is only one of the ways that we have grown. In the following pages we remember how we grew by working together, playing together, praying together, living together, and learning together.

In working together, we participated in such ac-

tivities as Project Do, Project Lizzie, tutoring other students, working in the dining hall, working around campus . . .

In playing together, we had the opportunity for organized sports, as well as intramurals, skateboarding, tennis, basketball, volleyball, and on and on . . .

Praying together also was another important way that we grew together: student Masses, reconciliation, the SADD-sponsored "ghost out," our prayer time together in class . . .

In the dormitory, on student retreats, and just in our everyday comings and goings we had to learn how to live together . . . learning how to give a little so that everyone could have his own space to grow.

And we learned together. Not just in the classroom, but in the total classroom of life.

We grew. We worked. We played. We prayed. We lived. We learned.

We began the road toward what we will be in the future. This book is a tribute and a remembrance of what we were in 1991.

Senior Retreat

Growing together as a class begins with the Senior Retreat. For many of the Seniors, the beginning of the year is a time of anticipation . . . looking forward to their final year in high school . . . and graduation.

But, at the beginning of the year, all of these things seem so far away. The Senior Retreat provides a time to come away for awhile . . . to get to know each other a little better . . . and to get in touch with ourselves.

Arriving at the Retreat Center as virtual strangers, the Seniors spend the first few hours settling in, and then "breaking the ice" . . . breaking down the barriers.

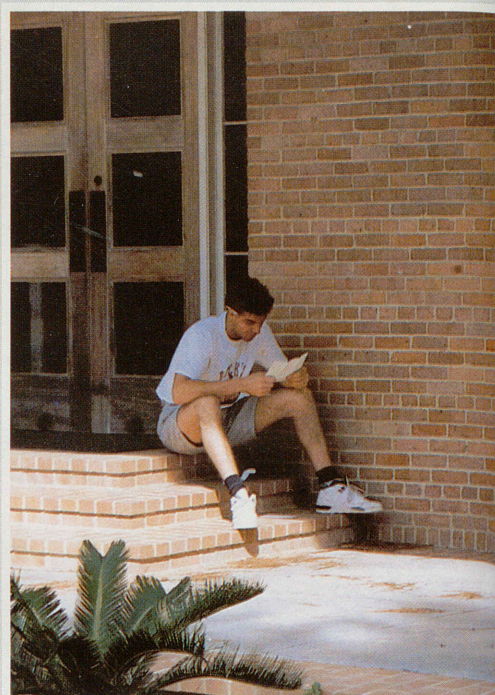

Time for prayer follows . . . and time to be alone with your own

thoughts.

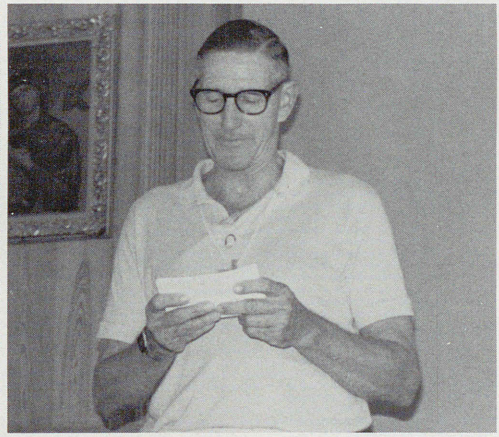

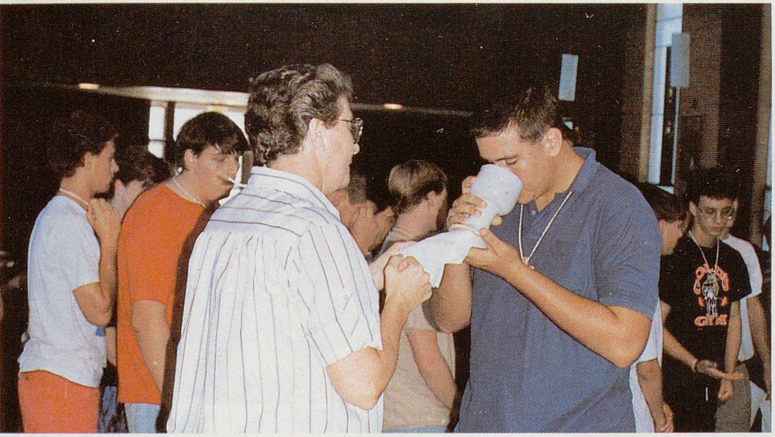

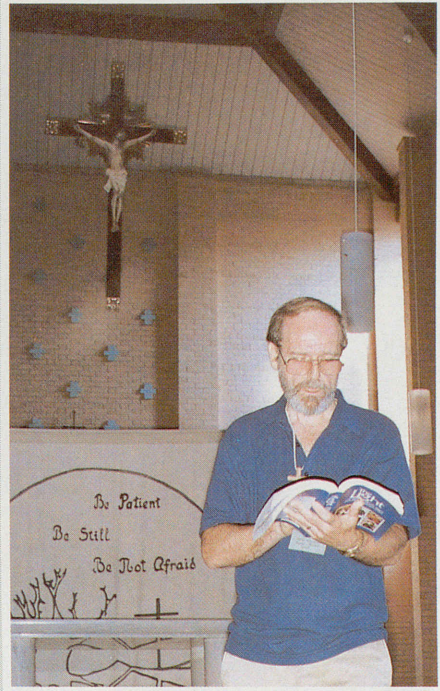

But spiritual growth is not the only benefit . . . the food and the games come quickly enough . . . a time to play together in volleyball . . . and a time to serve each other after meals.

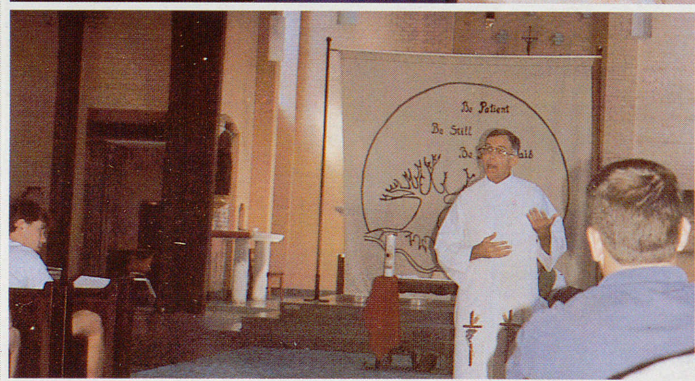

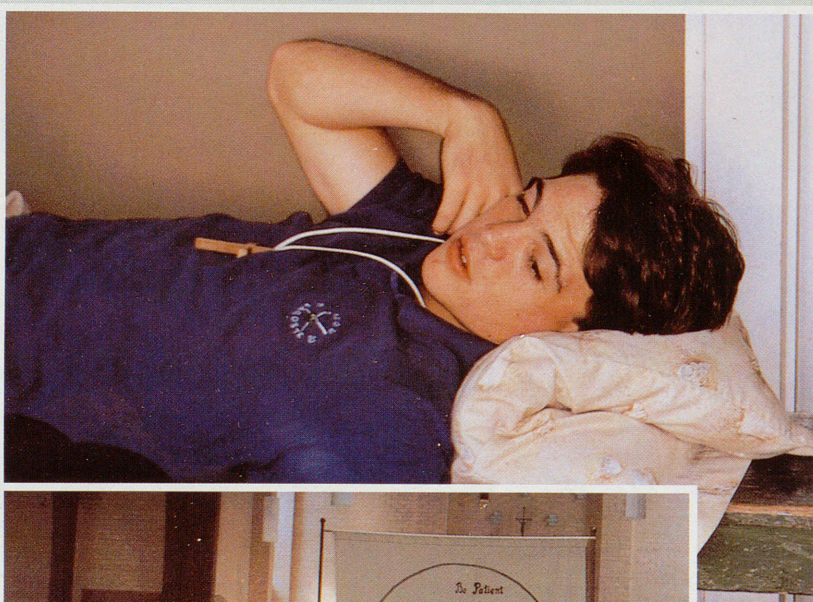

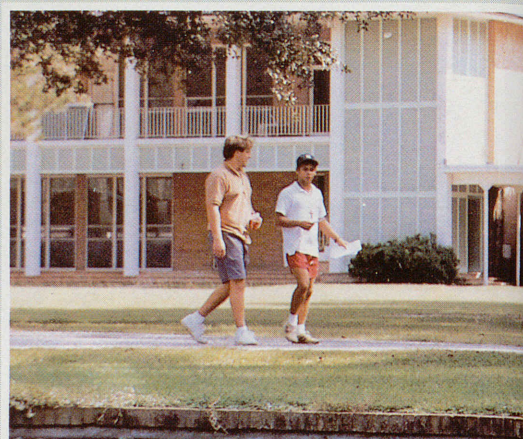

At night, a little tired from the day's activities, the Seniors settle down for some more introspection with a reconciliation service . . . a time to ask forgiveness of each other and of our God.

The Retreat experience closes with the Eucharistic Celebration. And then it's time to pack up and head for home . . . to try to put into action what has been learned. A chance to share our growth with the rest of the Stanislaus community.

Ring Mass

The beginning of the Senior year is marked by the Senior Ring Mass. As a symbol of unity and strength, the Senior ring marks the start of a new year of growth . . . the final year of high school, and the first step on the road to our destiny.

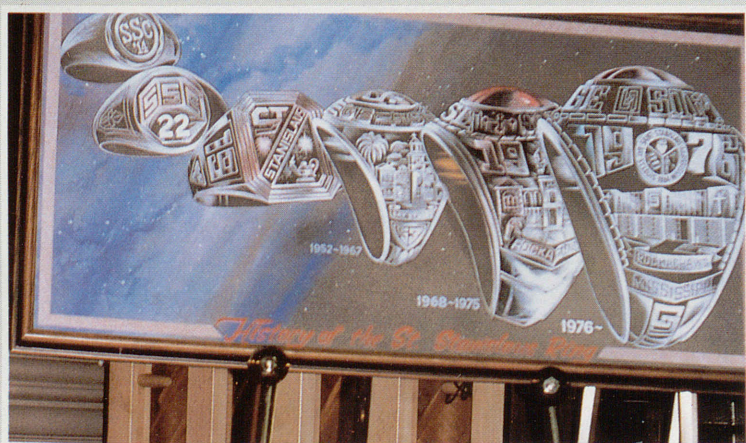

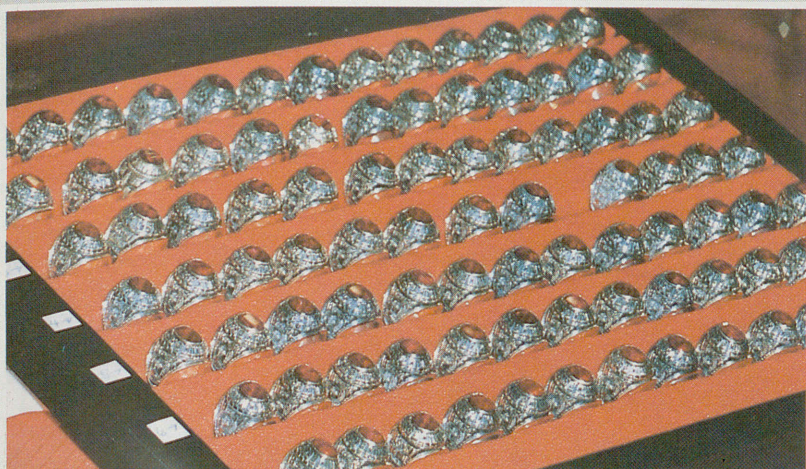

With their rings, the Class of 1991, the 137th class to graduate from St. Stanislaus, joins the proud tradition of thousands of Rock-A-Chaws who have gone before . . . leading the way. And this

year's seniors will blaze the trail for those who will follow them . . . growing with each passing day, and giving the example to their "Little Brothers" who will follow in their footsteps.

In his remarks to the Senior's parents at the Ring Mass, Brother Paul restated a tradition that has become the hallmark of St. Stanislaus: "Send us your boy, and we'll return to you a man."

To see how these "boys" turned out, turn to page 170.

Cheerleaders

What would a sporting event be without the SSC Cheerleaders? The faithful shouters drum up support at all the football and basketball games, pep rallies, and soccer games. In addition, they paint banners and signs to help spirit and welcome the football team onto the field.

Each summer, the girl cheerleaders attend the Elite Cheerleading Association Camp to learn new cheers, stunts, chants and tumbling.

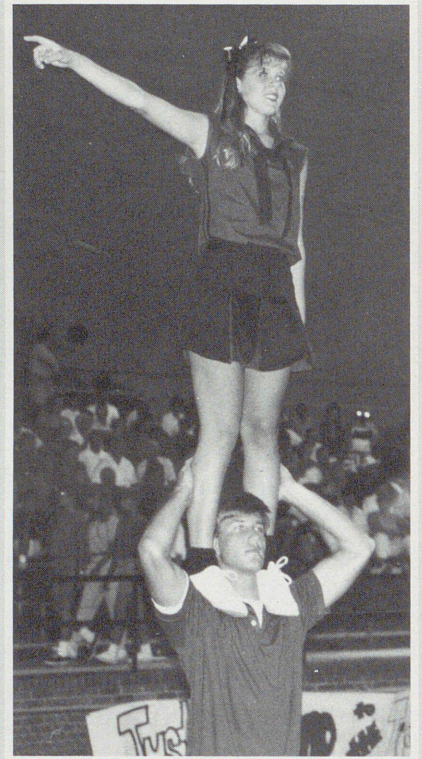

The Cheerleaders are directed by Mrs. Cherie Ramsey and Brother Aquin. Captains are Catherine Ohman and Manning Montagnet, and Co-captains Rachel Fillingame and Paul Scardino.

The SSC Band performed in many activities throughout the school year. For the first time ever, the SSC High School Marching Band made all Superiors at the State Band Marching Festival. They received all Superiors at the Tylor Town Marching Festival, and the Drum Line won "Best Overall Drum Line" in their classification.

Computer Club

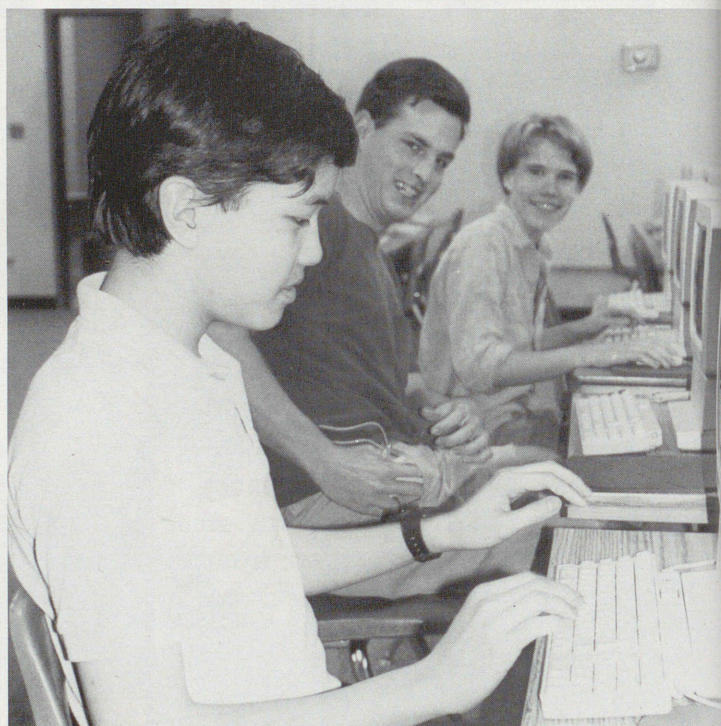

The Computer Club is an organization in which our moderator, Mr. Franklin, teaches us how to use Appleworks and other computer programs to our advantage. This may be for reports, pamphlets, flyers, or anything that is needed around school.

To show our support for our great athletes, the Computer Club sells concessions at soccer games and at track meets. We also sell programs at the football games. During the year we use the Appleworks Gold program which allows us to take pictures of ourselves through a video camera and transfer the picture onto the screen. We then are able to color it or put it on paper. We have done this on the St. Stanislaus Calendar.

Christopher Thompson is the Computer Club president. As president, he oversees the other member's work and helps them when necessary. Elliot Selle, vice president of the club, assists the president by distributing program disks and making sure the lab is in order after meetings.

Chris Thompson

Radio Club

The SSC Amateur Radio Club provides introductory classes to eighth graders during the first quarter of the school year. Other students who already have a ham license may take upgrade classes at other times of the year.

The purpose of the club is to initiate a sense of awareness of technical skills dealing with ham radio and service to the community through various amateur radio activities.

The officers of the club are: President, Mansel Bell; Vice-president, Scott Clements; and Secretary/Treasurer, Pat Cousins.

Above, members of the club gather at lunchtime to practice. They are, left to right, standing, Pat Cousins, Sean Ziegler, Timothy Kayes, and Chris Carville; seated: Jason Brunsell.

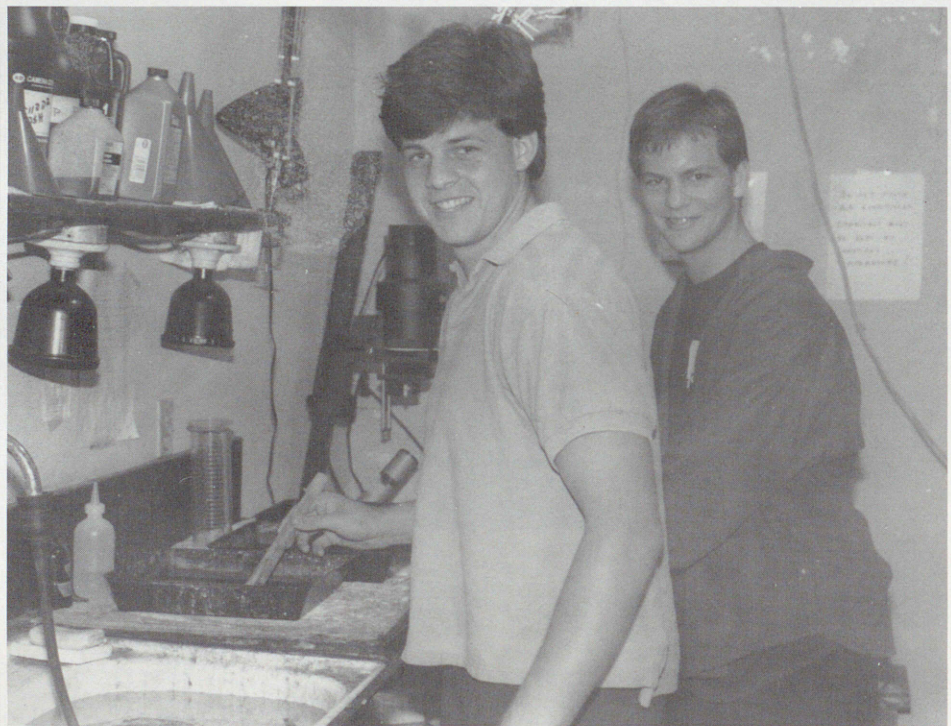

Photography

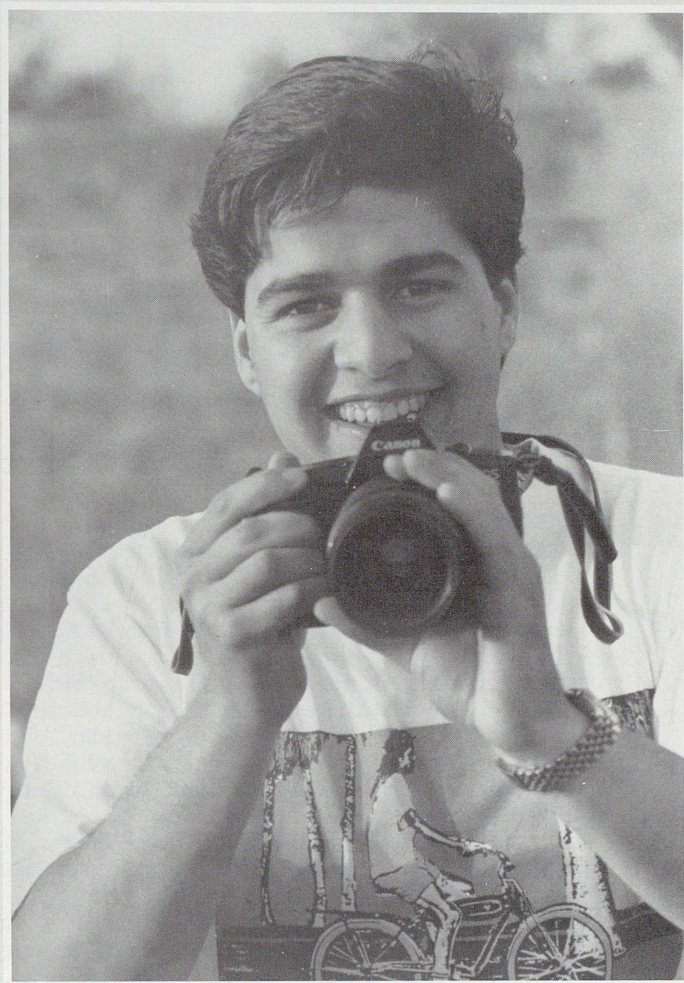

It is almost impossible to describe how much time is involved in the production of a yearbook. But as difficult as that task would be, there is no way to explain how many hours a yearbook photographer spends taking, developing and printing the pictures that appear on the pages of this book. And without pictures, there would be no yearbook.

Chief photographer and darkroom technician, Lee McKee, led the team of photographers who attended every school event so that they could be recorded for posterity. Assisting Lee were George Holder, Scott Niolet, Emilio Zambrano. Contributing photographers included Claudio Rivero and John Roussel. And darkroom assistants were Charlie Hillyer and Ben Bowen.

— Hello Dolly —

The SSC Drama Department, under the direction of Mr. Walter Damiens, presented the hit musical *Hello Dolly* for four nights to sell-out audiences at the Bay St. Louis auditorium.

Set in the 1890's, the play opens at New York's Grand Central Station where Mrs. Dolly Levi (Anna DeMarco), who has a business card for every occupation from match-maker to dance instructor, is on her way to fix up Mr. Horace Vandergelder (Julio Castano) with a new wife. Unbeknownst to the unwary Vandergelder, Dolly has her eye on him.

The scene moves to Vandergelder's Feed Store in Yonkers, New York, where two of his employees, Cornelius (Juan Andricain) and Barnaby (Dennis Behan) have ideas of their own about finding a mate. Deciding they would head to the big city with only ninety cents between them, Barnaby and Cornelius end up at Mrs. Malloy's Hat Shop.

Unfortunately, Cornelius falls for the widow, Mrs. Malloy (Swanna MacNair), only to find that she is waiting for Vandergelder to pay her a visit.

The plot thickens as Dolly tries to manipulate everyone, and eventually all of the principal characters end up at the Harmonia Gardens Restaurant where Dolly makes her grand entrance.

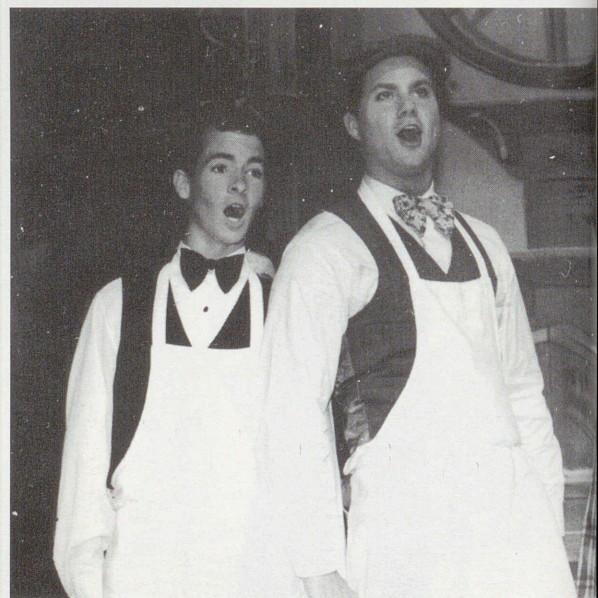

As with most musicals, the ending is a happy one with Dolly snagging Vandergelder, Cornelius matched up with Mrs. Malloy, Barnaby in love with Malloy's assistant, Minnie Fay (Jeanne Williams), and Ambrose (George Holder) about to marry Vandergelder's niece, Ermengarde (Alyson Cousins).

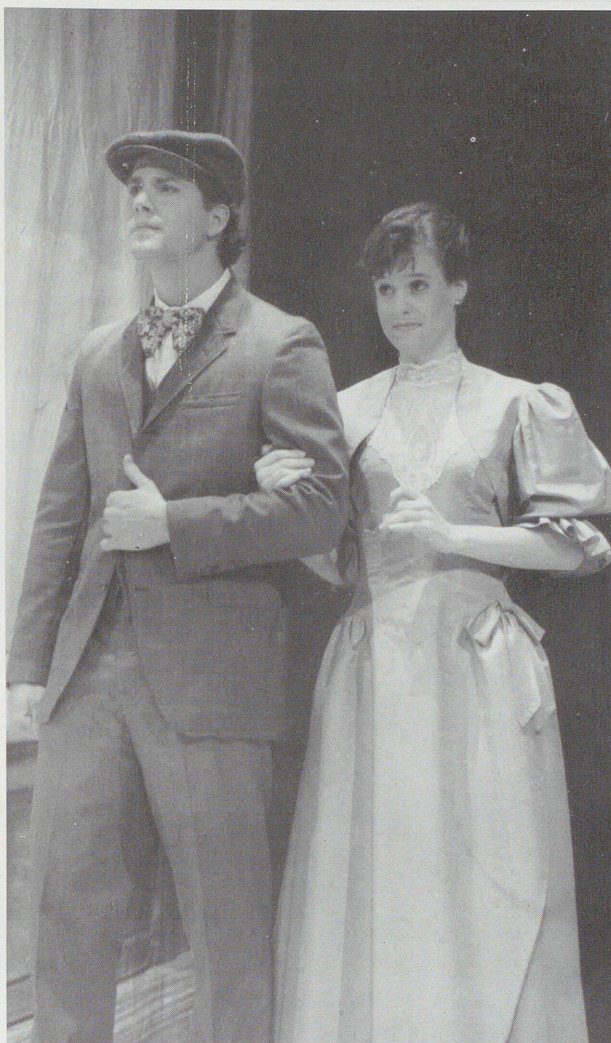

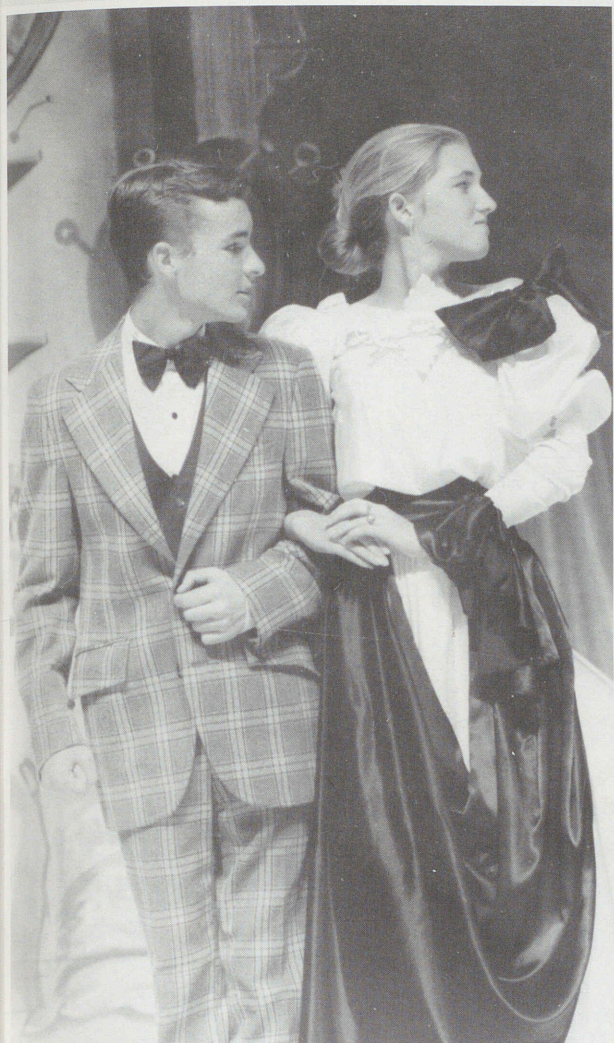

Other members of the cast included: Becca Kinney, Cheryl Willet, Jason Reitmeyer, Ken Booker, Adam Zimmerman, Clay Kenney, Blake Harrison, Joel Ducote, John Treme, Jared Martzell, Doug Tooley, Mike Sauviac, Jennifer Clark, Krista Albright, Monica Maillho, Clarinda Alcanan, Kristen Krogstad, Karen Kohl, Margaret Welz, Catherine Ohman, and Christine Fagot.

Newspaper

The Rock-A-Chaw, SSC's newspaper, is moderated by Mrs. Ann Kortman with the assistance of Mr. Bill Conery. The Journalism class, above, meets every day during seventh period to work on the paper. Then it's time for the paste-ups, at right, where Anthony Sperance, Nick Walker, Galen Smith, and Andrew Lazzara discuss the layout.

Football

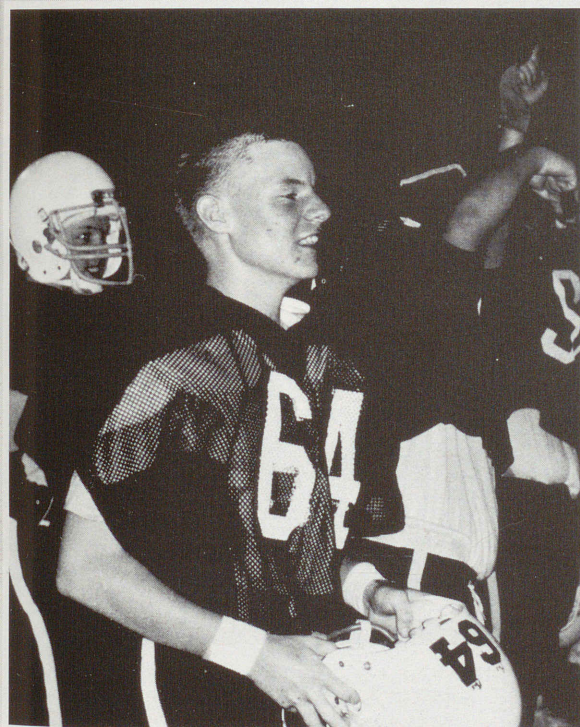

The 1990-1991 Rock-A-Chaw Varsity Football team ended the season with a 6-4 record. The successes were many with wins over Pass High, Long Beach, St. Martin, D'Iberville and Pearl River. And, for the fourth year in a row, the Rocks downed crosstown rivals Bay High.

As a result of their record, the Rocks advanced to the playoffs where they faced South Pike. Although our team did not win, our pride and respect for them and the coaches was not diminished.

Dorm Awards

One of the highlights of the year for St. Stanislaus Resident students is the presentation of the Dorm Awards at the end of the year. The other award winners were, lower, left to right: Preston Cortes, Character Award; Eugene Dauterive, Spirit Award; Michael Walker, Highest GPA, seventh grade; Andrew Belcher; Brett Hollifield, Highest GPA, seventh grade; and Ryan Powell, Most Improved.

Other award winners were, left to right: Robert Jimenez, Conduct Award; James Bailey, Most Improved; Juan Andricain; Steve Napoli, Character Award; Mark Schutt, Highest GPA; and Andrew Alessi, Service Award.

Student Retreats

Nothing can compare to the spirit of fellowship experienced at a class retreat. Arriving at the Methodist Retreat Center in Waveland, an informal atmosphere is established early on to reflect the togetherness of the entire day. New friends are made, old acquaintances are renewed, and all grow closer together as they share in the spirit of the day. It is a time to relax, to become refreshed, and to examine one's relationship with God.

Opposite page: top, the sophomore class pauses for a group picture. Bottom, the Juniors work together to free the bogged down bus. This page: right, Bernard Sy and Kelly Ladner share in the spirit of fellowship. Below, the Juniors pause for their informal class picture.

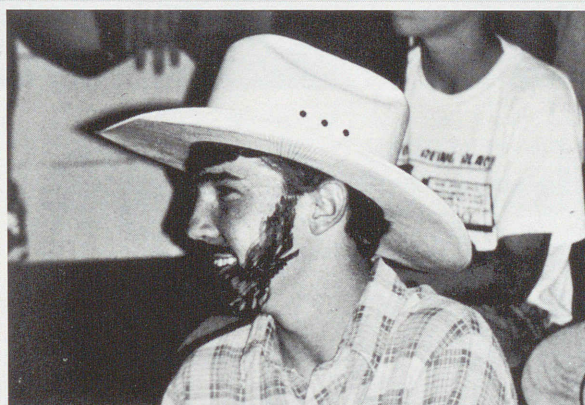

Homecoming

Homecoming always brings out the creative spirit in the SSC Rock-A-Chaws. At the Homecoming Pep Rally, one can find all sorts of strange characters, such as August Goulet (right) who came as a guru from the sixties. Jason Paul Albert (center) sports a toga indicating he is either from the Roman period or a modern-day oil sheik. And strangest of all, the "beast within" is revealed by Patrick Kennelly (lower).

Lower left, the band cuts loose with strong backup from the percussion section. Lower right, Greg Dupont looks like he just got in from the farm, but of course, so did the rest of the seniors.

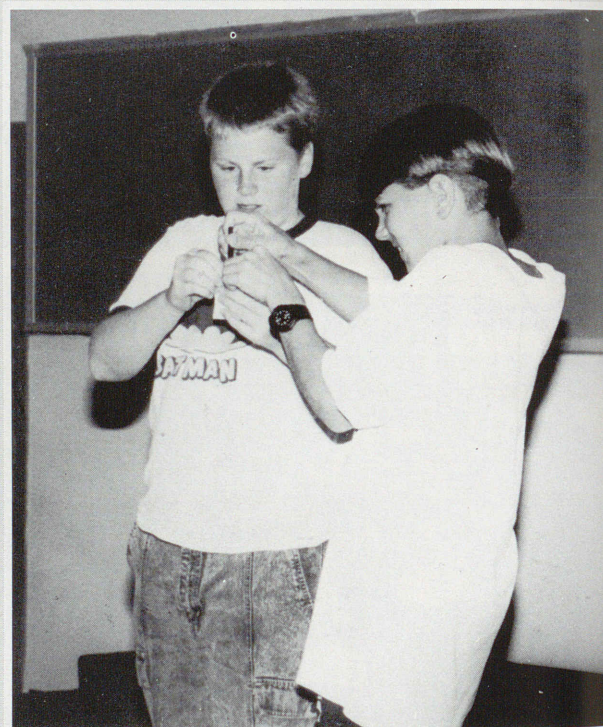

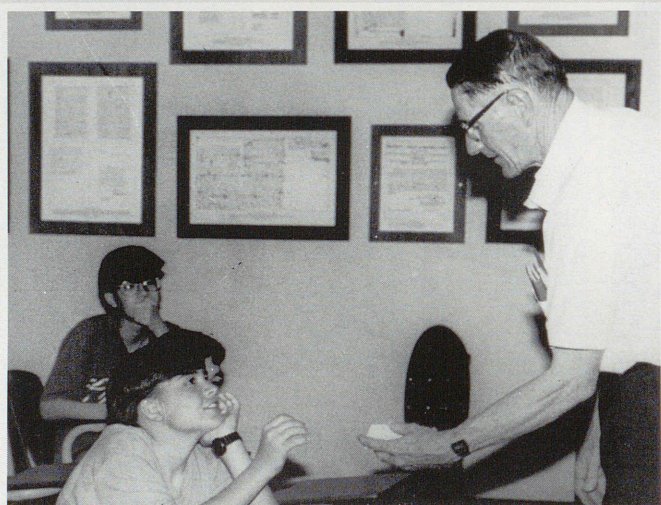

Magic Club

The Magic Club meets simply for the pleasure of performing magic. Magic is also explained at the meetings so that the members can learn new tricks to perform, and they are also given the opportunity to perform their tricks before other members of the club. Frequently, guest magicians come to the meetings to perform and to explain magic.

There are over sixty students on the membership list of the Magic Club. There is no charge to belong and, while there are some expensive magic tricks available on the market, the tricks the club shares are inexpensive but fun.

At right, Brother Lee, moderator of the Magic Club, explains a trick to Sal Gambino. Below, Brother Lee lets David Ricca help in performing a trick. Graduation

The long-awaited day finally arrived. The "boys" of '91 have become the men of tomorrow.

From the beginning of the year when the Class of 1991 received their rings, they anxiously looked forward to this day when they would join the ranks of the thousands of SSC alumni.

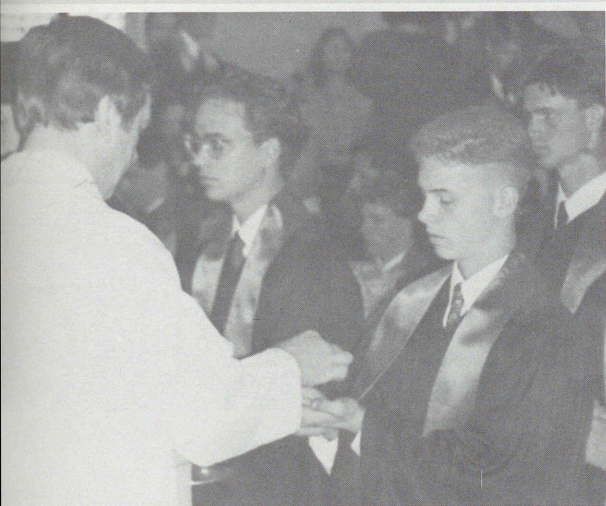

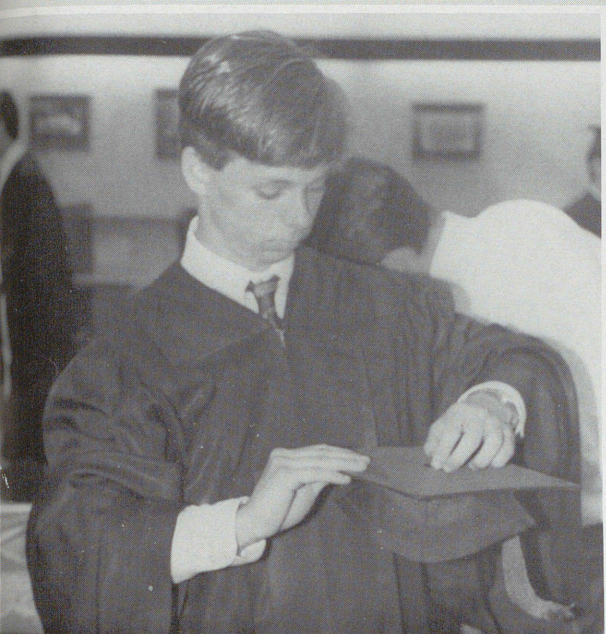

For two of the Seniors, it was a seven-year trek: Billy Saunders and Jared Martzell came to St. Stanislaus in the sixth grade. For most, seventh grade was the beginning.

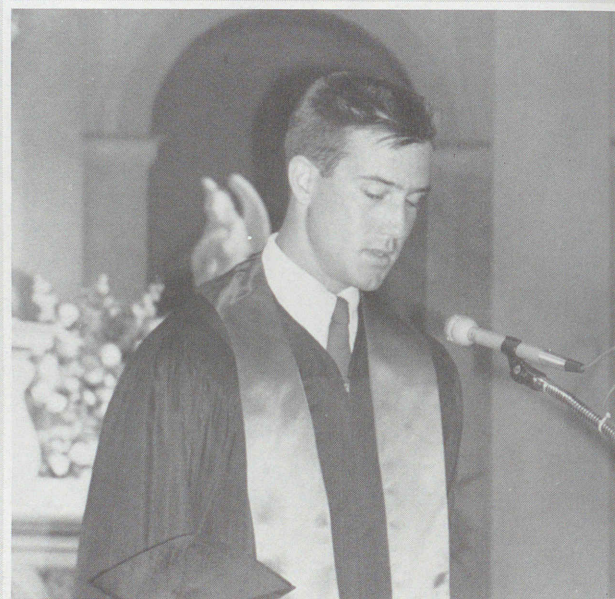

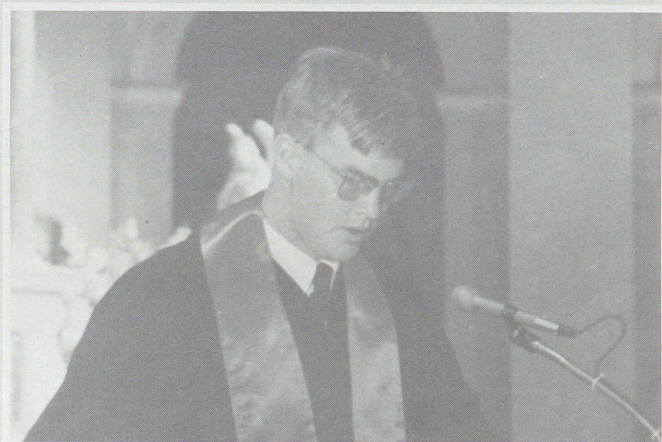

But all completed the course . . . all became the men that Brother Paul referred to: "Send us your boy; we'll return to you a man."

Senior Awards

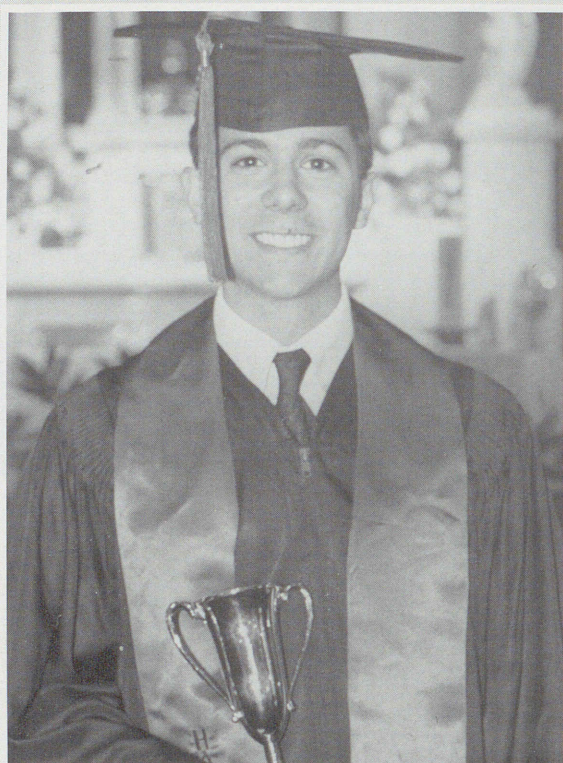

As our graduating class leaves for their future calling they are heartily remembered for all of their achievements. From the President's award to the character cups the Seniors of '91 leave a legacy of scholarship and merit. Their bountiful awards help to lay the foundation for the future graduating classes of St. Stanislaus.

Big Brother/Little Brother

Every year the members of the Senior Class, the BIG Brothers, "adopt" members of the sixth and seventh grades to be their little brothers for the year.

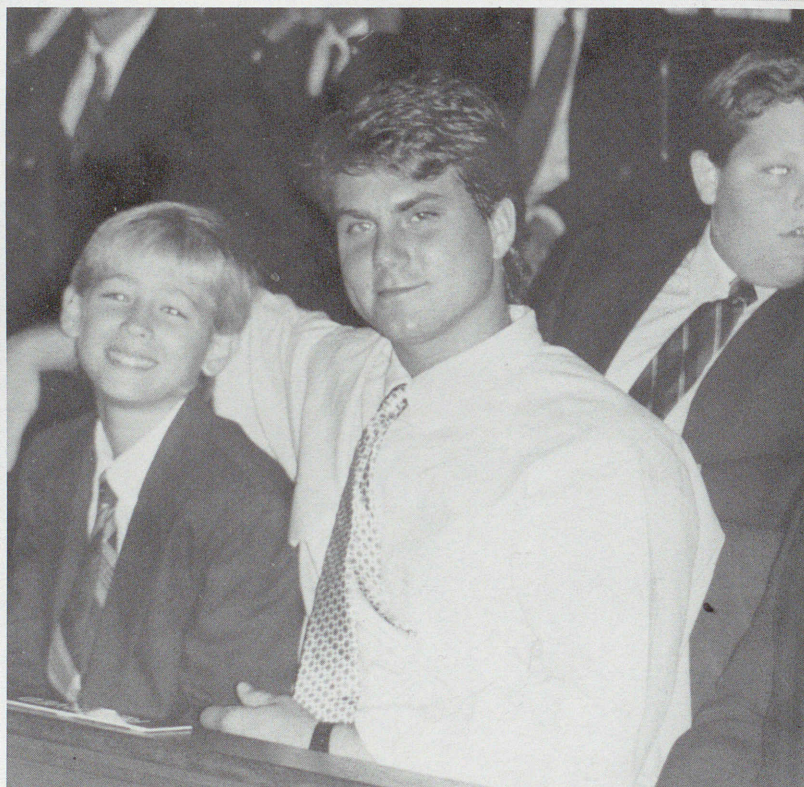

Under the direction of Mr. Damiens, who coordinates the program, the Seniors officially take their Little Brothers under their wings at a ceremony early in the school year.

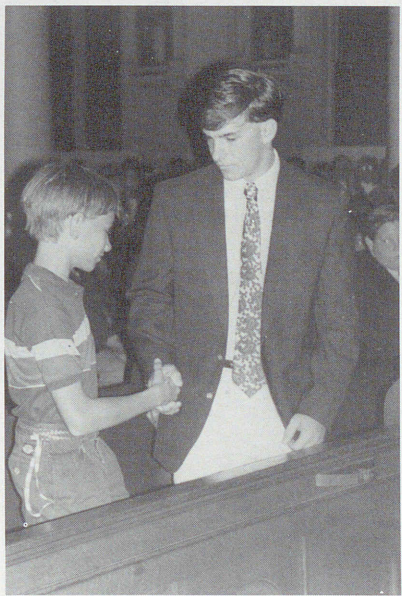

The purpose of the program is to help the new students get their feet on the ground in a new school and to give them someone to talk to about what's going on in their new surroundings.

During the year, the "Brothers" get together individually, but then at the end of the year, all the Big Brothers and Little Brothers come together once again as a group for an afternoon picnic.

Some memories of this year's activities can be seen, opposite page top, at the ceremony where lighted candles symbolize the bond of friendship being formed. Below, Dennis Behan and his Little Brother Brandon Jacobi at the ceremony.

ACKNOWLEDGEMENTS

Change . . . what does it really mean? For many hundreds of years the world has undergone change after change with many effects, both good and bad. We as individuals have also undergone change. From the time of our birth to the day we die, we are constantly confronted with change. We accept it, deny it, walk away from it, and even try to stop it, but it always prevails. So what is it really, this "thing" that affects us in every way imaginable? No one absolutely knows for sure. Some see it as a healthy form of growth, while others view it as harmful "development." Whatever it is, one thing is for sure — it always seems to bring people closer together in the end, even though it may also bring with it trying and difficult times. Such is the story of this past school year, which brought with it much change.

Many people help to smooth the way for change in order to make it as easy as possible. Many people here at St. Stanislaus have undertaken just such a task. Through the leadership of Brother Paul, SSC has grown from a school of yesterday to a school of tomorrow. Others have helped in the production of this very yearbook. Through the help of Brother Eduardo, the computerization of *Reflections* has continued to be a wonderful success. Our advertisement department could not have gone anywhere near as smoothly without the constant support of Mrs. Modenbach or the diligence of our Ads Editor, Wayne Murphy. Mr. Tom Ackerman and Managing Editor Geoff Kohl were invaluable to the completion of this year's *Reflections* and without whom such a publication would not have been possible. Other "invaluables" to this issue were the members of our photography department, namely chief darkroom technician and Photo Editor, Lee McKee, Editor George Holder, and Contributing Editors Scott Niolet and Charlie Hilyer. Other staff members that have contributed much of their time and effort are Editors Matt Brunner and Bracey Summers. Mr. Will Clington, Former yearbook moderator, has also been a constant source of help and support throughout the course of this school year. From the building of the new addition to the graduation of the seniors of '91, this year has proven to be one of great change.
